Hello Ben, Fred:

In reviewing our copies of the initial permits for the captioned wells, I got the impression that in the Lat-Long data provided on page 2 of each permit, the numbers attributed to the Latitude correspond to the Longitude, and, conversely, the numbers attributed to the Longitude correspond to the Latitude. These wells will be operated by TexCom Gulf Disposal, LLC of Houston, and are located in Montgomery County, TX. Please let me know if there is something that I am missing in my assessment. Thank you for your consideration in this matter, I am attempting to gather Lat-Long data for as many of the Class I wells within TCEQ's jurisdiction as possible. Regards,
